Dear Sir or Madam:

Telit Communications S.p.A. has applied for, and has been granted Federal Communications Commission (FCC) registration number RI7GE865 for its radio module which carries the Telit Communications S.p.A. model number GE865-QUAD.

This letter will grant permission on a one-time basis to EosHealth a company in United States of America, to apply for a "new FCC ID approval" for the above mentioned radio module, with FCC.

Telit Communications S.p.A. understands that EosHealth must make this change in order to comply with Federal Communication Commission (FCC) regulations that apply to the EosHealth product called In Touch™ FCC identifier 2AA923614-04 and Telit authorize FCC to use information on file to grant such new FCC ID approval for this device.

Telit Communications S.p.A. is supplying the GE865-QUAD to EosHealth unmodified and equivalent to the originally certified unit.

The device is being supplied to the applicant unmodified and equivalent to the original approved unit.

The original test results continue to be representative of and applicable to the equipment bearing the new FCC ID approval.

Yours sincerely

---

Brian Tucker  
Global Vice President of Quality  
Telit Wireless Solutions, Inc.
